For Eagle River Station

As a Canadian visitor to Edwards for the past 15 years, I am disappointed to hear that town of Eagle residents might turn down a shopping center along I-70. Most towns need money, and the choices are to raise taxes, go without services or increase revenue.

Every year to shop we take the sometimes impossible drive across Vail Pass to Silverthorne. We would prefer to shop in the town of Eagle. We would still frequent the restaurants and movie theater in the sweet town of Eagle.
