To: Tom Boni & Eagle Town Trustees

I wish to express my overwhelming support of the Eagle River Station Project. We need this project to create jobs and additional sales tax revenue. We need to grow as a community, not stagnate and die. I am getting tired of seeing my community members suffer, lose their jobs, and then lose their homes when there is a positive alternative on the horizon. I am sure you had naysayers about the Eagle Ranch Project, but look at what a success that has been for our community. Don't stifle our opportunity for growth. Change is inevitable. Take the reins and lead us forth - Let positive growth rule the change!
