Subject: ERS

Dear Tom,

As a seven-year Gypsum resident and a 23-year valley resident, I am strongly opposed to the Eagle River Station development as proposed by the current land-owners. One of the things, among many, that I love about living "down-valley" is the strong sense of community and pride for our home. A development of this scope with national brand big-box stores anchoring it does not fit in with the small-town, unique and vibrant community that I have come to know and love which values independent and innovative thinking rather than relying on consumer-driven commerce and an "any-town" USA image. Thank you for your time in taking my opinion into account - please do not allow ERS to develop as proposed.
