Dessie,

This is one of several that I will be forwarding to you this afternoon. The Board has kept the public record open until Thursday at 5PM. Thanks for your help with this.

Tom

**Subject:** Eagle River Station

Dear Tom and Board Members.

As a residence of Eagle and a long time residence of the Eagle Area. I am opposed to such development that not only does not fit the area but will change the future look and feel of the entire lower valley, not for the good but would diminish our way of life in our small town. This is a perfect study of corporate greed and money driving a development that does nothing for the people of the area. Are you kidding? Please stand up and do the right thing for the people and stop the uncontrolled push for profit by a corporation that will do nothing but degrade our lives. Traffic, infrastructure, pollution, crime and the promise of low paying jobs, Great Choice.
