To Whom it may concern:

Again I am writing in regards to ERS and how I and many others who live and play in Eagle. We move there 14 years ago for the quality of life that I was accustomed to and believed would be there for a long time to come, I do know things change and growth needs to happen, BUT do you not listen to the towns people and other business owners on what they want, I understand you need to revisit any application but from there you know what the people of Eagle want and you also know the way they are presenting it that it is only a speculation on figures where are they under a rock and cannot see what has happened in the last several years with all the business going out of business and the foreclosure rate in our valley. Please step forward and stop wasting the towns \$\$ and our time on something that none of us want the vote told you before how we felt. If the businesses and developments i.e.; Eagle Ranch, Bowling alley building several new hotels etc. that have come to be in the last 5-8 years isn't enough then how about you rethink your decision.

NO TO ERS AGAIN!!!!!!!!!!

What part of NO do you not understand!
